**Annual Meeting on Sept 24 discussed Pricing of Classes.** KALS prices have not been raised for some years. Costs for the Society include space rental, clerical time, equipment upgrading, phone, insurance, etc. Members agreed prices should be increased on both one time and series courses and that everyone be required to buy a membership. They recommended not doing everything at once. As a result, the Board decided that **one time class cost would rise to \$10 in January.** Further changes will be reviewed in the spring.

**The Annual Meeting** elected the new Board and the meeting minutes are posted on our website under News & Events.
